How to Enroll

Last Modified on 09/08/2026 12:45 pm EDT

You can enroll online in a few quick clicks! Here's how:

1. Log into your online account.
2. Go to *Documents* and click *Manage Delivery Preferences*.
3. Next to *Escrow statements plus other routine servicing communications*, check the *Email* box and follow the prompts to complete your enrollment.

If you're already enrolled for paperless mortgage/account statements or year-end statements, you also have the option to enroll for electronic escrow statements and other routine communications by phone. We'll be happy to help!
